

Established and Engaged:  
Sermon Series from 1 John

The Big Idea for the series is –

**Cling to Jesus; you can trust him to give you life, fellowship, and joy.**

**Read 1 John 1:1-4**

1. What are some other things that we are tempted to cling to in order to find meaning in life?
2. What does the truth that Jesus is God and man provide for us?
3. What difference does Jesus offer to us of eternal life make?
4. How does the community that Jesus established help us become what he has designed us to be?
5. There is both a vertical and a horizontal aspect to the fellowship that Jesus offers us, what are they, and what do they each provide for us?
6. The joy of Jesus results in safety, security, and friendship – why, then, do we often settle for the “cheap” imitations of these life-changing characteristics?
7. What did you learn for the first time? What will you strive to put into practice in your life this week?
